

Docking Parish News Letter March 2024

Volunteers of Docking, the Clerk would love you to get in touch so the Parish knows who you great people are! Please do send me an email or even call me!!

Biodiversity is a major importance to our surrounding natures, including stunning Docking too. The Parish would be thrilled if we could gain some locals to help build and maintain Biodiversity within the village. One of councillors has completed a Biodiversity course, so will be on hand to answer any questions.

Beat your Bills is an event promoted by the Borough Council. In order for Docking to arrange this event, we would need a few of you on board to join. If this is an interest to cut your bills, then please do get in touch with the Clerk.

Neighbourhood Plan. WOW, this is coming along great, thanks to the supporting group and Cllr. Howard and of course those in the background supporting the team. Do watch out for the village plan coming your way, this will be a perfect way for the locals and second home-owners to add their views for the future of Docking! Look on the Parish website to view how the plan is coming along.

The Parish will be representing the Jack Wind Farm Project in the coming weeks and aim to apply for a grant. We will keep you updated on the progress. If you would like to share any of your ideas, then do get in touch.

Tett Turrett's article has been published in the EDP, who knew Docking could be so famous! Please have a look online and read the article, certainly worth a good read.

Dockings beautiful hedgehogs and toads need your help! The parish is waiting for signs to be installed and we hope to achieve this very soon. If any volunteers have any spare time evenings to help move the toads to safety of the roads, then please do get in touch.

Freebridge are still promoting the stunning homes available in Docking. If you have an interest, then please do contact the Clerk who point you in the right direction for advice on shared ownership.

The allotments within Docking are becoming a dumping ground for fly-tipping unfortunately. The Parish will do it upmost to keep this area free of damaging rubbish that affects the land. Please do get in touch with the Parish if you have any concerns or need to report the suspects. All information will be kept confidential!!!

If anyone has any queries, questions or is looking for advice, do please contact us via our clerk on clerk@dockingparishcouncil.gov.uk or call 07591 514580. Carla will pass your correspondence on to the whole council and the appropriate person will get in touch to help and it will be taken to the next meeting. We display information on both the website and the notice board.

Our next meeting is on Monday 11th March 2024 at the Village Hall, it starts at 7pm and we socially serve tea, coffee and biscuits from 6.30pm. Please feel free to come along and join us.
